

# Parking Policy Update

*As you may have noticed we know have a few different colors for parking spaces at our North, South and Mid-Campus locations and I just wanted to explain the color scheme and our parking policy for employees going forward.*

*Please be mindful of these designations as we work to ensure our patients and visitors have as convenient parking as possible at our facilities. Please feel free to contact me with any questions.*

*– Bill Smith, Executive Director Support Services*

-  White spaces are for patients and visitors only and employees should not park in any white spaces.
-  Orange spaces are for employees. Employees should only park in an orange space.
-  Green spaces are Physician parking spaces and employees should not park in any green spaces.
-  Blue spaces are for vehicles with a Handicap tag or placard.
